The NEDC offers PPO and ESA Medicare Plans for eligible Retiree Members. Members who enroll in the Aetna Medicare PPO or ESA Plan may see medical providers of their choice. Please be aware that if you choose to see an out-of-network provider, your out-of-pocket costs will be higher than if you see a provider in the Aetna Medicare PPO network. If there is a service that you do not see listed, contact your Benefit Administrator for clarification, prior to accessing the service in question.

Please refer to the following pages to see a detailed list of your Summary of Benefits and Coverage (SBC) and information on Aetna Silver Sneakers, Access2Care Transportation and Meals at Home Benefits.

PHARMACY - PRESCRIPTION DRUG BENEFITS

Pharmacy Network S2

Your Medicare Part D plan uses the network above. To find a network pharmacy, you can visit our website (http://www.aetnaretireeplans.com.)

Formulary (Drug List) Classic

Your cost for generic drugs is usually lower than your cost for brand drugs. However, some higher cost generic drugs are combined on brand tiers.

Beginning 1/1/25, the Centers for Medicare Services (CMS) made the following changes to the standard Part D plan design:

- Reduction to three phases - Deductible, Initial Coverage, and Catastrophic
- Elimination of the Initial Coverage Limit and the Coverage Gap Phase
- Introduction of a $2,000 annual out-of-pocket threshold
- Replacement of the Coverage Gap Discount Program with the Manufacturer Discount Program which will provide a 10% manufacturer discount for brand drugs in the Initial Coverage phase and 20% manufacturer discount for brand drugs in the Catastrophic phase

See below for your specific benefits and cost sharing.

Calendar-Year Deductible for Prescription Drugs $0

Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible. The deductible does not apply to covered insulins and most Part D vaccines.

Initial Coverage Phase - The table below represents cost sharing after the deductible, if applicable, has been reached.

Tier 4 - Specialty Includes high-cost/unique generic and brand drugs	$50	Limited to one-month supply	Limited to one-month supply

If you reside in a long-term care facility, your cost share is the same as a 30 day supply at a retail pharmacy and you may receive up to a 31 day supply.

You won't pay more than $35 for a one-month supply or $105 for up to a three-month supply of each covered insulin product regardless of the cost-sharing tier.

Catastrophic Coverage: You pay $0 for covered Part D prescription drugs.

Catastrophic Coverage benefits start once the CMS-determined annual out-of-pocket threshold of $2,000 for covered Part D prescription drugs is reached.

For more information about Aetna plans, go to www.AetnaRetireePlans.com or call Member Services toll-free at 1-888-267-2637 (TTY: 711). Hours are 8 a.m. to 9 p.m. EST, Monday through Friday.

Not all PPO Plans are available in all areas

The provider network may change at any time. You will receive notice when necessary.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The complete list of services can be found in the Evidence of Coverage (EOC). You can request a copy of the EOC by contacting Member Services at 1-888-267-2637 (TTY: 711). Hours are 8 a.m. to 9 p.m. EST, Monday through Friday.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except

in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare covered services under the plan.

Pharmacy Disclaimers

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

The typical number of business days after the mail order pharmacy receives an order to receive your shipment is up to 10 days. Enrollees have the option to sign up for automated mail order delivery. If your mail order drugs do not arrive within the estimated time frame, please contact us toll-free at 1-866-241-0357, 24 hours a day, 7 days a week. TTY users call 711.

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This

plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs". These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Pharmacy Network S2

Your Medicare Part D plan uses the network above. To find a network pharmacy, you can visit our website (http://www.aetnaretireeplans.com.)

Formulary (Drug List) Classic

Your cost for generic drugs is usually lower than your cost for brand drugs. However, some higher cost generic drugs are combined on brand tiers.

Beginning 1/1/25, the Centers for Medicare Services (CMS) made the following changes to the standard Part D plan design:

- Reduction to three phases - Deductible, Initial Coverage, and Catastrophic
- Elimination of the Initial Coverage Limit and the Coverage Gap Phase
- Introduction of a $2,000 annual out-of-pocket threshold
- Replacement of the Coverage Gap Discount Program with the Manufacturer Discount Program which will provide a 10% manufacturer discount for brand drugs in the Initial Coverage phase and 20% manufacturer discount for brand drugs in the Catastrophic phase

See below for your specific benefits and cost sharing.

Calendar-Year Deductible for Prescription Drugs $0

Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible. The deductible does not apply to covered insulins and most Part D vaccines.

Initial Coverage Phase - The table below represents cost sharing after the deductible, if applicable, has been reached.

For more information about Aetna plans, go to www.AetnaRetireePlans.com or call Member Services toll-free at 1-888-267-2637 (TTY: 711). Hours are 8 a.m. to 9 p.m. EST, Monday through Friday.

The provider network may change at any time. You will receive notice when necessary.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The complete list of services can be found in the Evidence of Coverage (EOC). You can request a copy of the EOC by contacting Member Services at 1-888-267-2637 (TTY: 711). Hours are 8 a.m. to 9 p.m. EST, Monday through Friday.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage

for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare covered services under the plan.

Pharmacy Disclaimers

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

The typical number of business days after the mail order pharmacy receives an order to receive your shipment is up to 10 days. Enrollees have the option to sign up for automated mail order delivery. If your mail order drugs do not arrive within the estimated time frame, please contact us toll-free at 1-866-241-0357, 24 hours a day, 7 days a week. TTY users call 711.

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs". These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Safe, comfortable transportation to your medical appointments

We don't want you to worry about how you'll get to your medical appointments. Instead, we want you to focus on what matters, like your health and treatment plans. That's why Aetna offers optional, non-emergency transportation that gets you there and back.

These rides are included with your plan at **no extra cost**.

You can check your Evidence of Coverage or call the number below for information on trip and mileage allowances. Rides are provided through Access2Care℠. If you need a ride to and from the doctor, you'll use two trips.

Here are some examples* of how members may use the benefit

- Diane's son can take her to an appointment with her cardiologist, but he has to pick up his kids later and can't make the return trip. Diane uses one trip of her transportation benefit to get home from the doctor.
- John's neighbor Mary usually takes him to check-ups with his primary care doctor, but she's busy on one appointment day. John needs a ride both to and from the doctor, so he uses two trips.

* These are illustrative examples only, not actual member experiences.

If you need to reserve a ride, call **1-855-814-1699 (TTY: 711)**, Monday–Friday, 8 AM–8 PM all time zones. Visit **Access2Care.net** to reserve a ride and get more details.

Aetna Medicare is a HMO, PPO plan with a Medicare contract. Enrollment in our plans depends on contract renewal. This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, premium and/or co-payments/co-insurance may change on January 1 of each year. Other Important Information

This Benefit summary of the Aetna Dental Maintenance Organization (DMO®) provides information on benefits provided when services are rendered by a participating dentist. In order for a covered person to be eligible for benefits, dental services must be provided by a primary care dentist selected from the network of participating DMO dentists. Out of network benefits may apply. Please refer to your Schedule of Benefits.

Employees in AZ, CA, GA, MA, MD, MO, NC, NJ and TX must either live or work within the approved DMO® service area to be eligible to enroll in the DMO®

Due to state law, limited (varying by state) DMO® benefits for non-emergency services rendered by non-participating providers are available for plan contracts written in: CT, IL, KY, MA and OH and for members residing in OK (regardless of contract situs state).

Attention Massachusetts residents: Before enrolling, you should be aware that our network of preferred providers in Massachusetts has providers mainly in the following counties: Barnstable, Berkshire, Bristol, Essex, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk and Worcester. Your out of pocket expenses will be higher if you do not see an in-network provider and, in some plans, benefits may not be available at all for out-of-network providers.

DMO® Dental Benefits Summary

*This is a partial list of exclusions and limitations, others may apply. Please check your plan booklet for details.

Specialty Referrals

1. Under the DMO dental plan, services performed by specialists are eligible for coverage only when prescribed by the primary care dentist and authorized by Aetna Dental. If Aetna's payment to the specialty dentist is based on a negotiated fee, then the member's copayment for the service will be based on the same negotiated fee.

2. DMO members may visit an orthodontist without first obtaining a referral from their primary care dentist. In an effort to ease the administrative burden on both participating Aetna dentists and members, Dental has opened direct access for DMO members to orthodontic services.

Emergency Dental Care

If you need emergency dental care for the palliative treatment (pain relieving, stabilizing) of a dental emergency, you are covered 24 hours a day, 7 days a week. You should contact your Primary Care Dentist to receive treatment. If you are unable to contact your PCD, contact Member Services for assistance in locating a dentist. Refer to your plan documents for details. Subject to state requirements. Out-of-area emergency dental care may be reviewed by our dental consultants to verify appropriateness of treatment.

Your Dental Care Plan Coverage Is Subject to the Following Rules:

Replacement Rule
The replacement of; addition to; or modification of:
existing dentures;
crowns;
casts or processed restorations;
removable denture;
fixed bridgework; or
other prosthetic services
is covered only if one of the following terms is met:

The replacement or addition of teeth is required to replace one or more teeth extracted after the existing denture or bridgework was installed. This coverage must have been in force for the covered person when the extraction took place.

The existing denture, crown; cast or processed restoration, removable denture, bridgework, or other prosthetic service cannot be made serviceable, and was installed at least 5 years before its replacement.

The existing denture is an immediate temporary one to replace one or more natural teeth extracted while the person is covered, and cannot be made permanent, and replacement by a permanent denture is required. The replacement must take place within 12 months from the date of initial installation of the immediate temporary denture.

The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Tooth Missing But Not Replaced Rule (Does not apply to TX and CA contracts.)
Coverage for the first installation of removable dentures; fixed bridgework and other prosthetic services is subject to the requirements that such removable dentures; fixed bridgework and other prosthetic services are (i) needed to replace one or more natural teeth that were removed while this policy was in force for the covered person; and (ii) are not abutments to a partial denture; removable bridge; or fixed bridge installed during the prior 5 years.

Alternate Treatment Rule: If more than one service can be used to treat a covered person's dental condition, Aetna may decide to authorize coverage only for a less costly covered service provided that all of the following terms are met:

(a) the service must be listed on the Dental Care Schedule;
(b) the service selected must be deemed by the dental profession to be an appropriate method of treatment; and
(c) the service selected must meet broadly accepted national standards of dental practice.

If treatment is being given by a participating dental provider and the covered person asks for a more costly covered service than that for which coverage is approved, the specific copayment for such service will consist of:

(a) the copayment for the approved less costly service; plus
(b) the difference in cost between the approved less costly service and the more costly covered service.

Alternate treatment rule: Sometimes there are several ways to treat a dental problem, all of which provide acceptable results.

- If a charge is made for a non-eligible dental service or supply and an eligible dental service that would provide an acceptable result, then your plan will pay a benefit for the eligible dental service or supply.
- If a charge is made for an eligible dental service but another eligible dental service that would provide an acceptable result is less expensive, the benefit will be for the least expensive eligible dental service.
- You should review the differences in the cost of alternate treatment with your dental provider. Of course, you and your dental provider can still choose the more costly treatment method. You are responsible for any charges in excess of what your plan will cover.

"Patient Pays" applies to procedures provided by the member's Primary Care Dentist or approved specialty dentist.

Dental Insurance – Aetna Dental PPO Plan

The Northeast District Council of the OPCMIA offers a Dental PPO Plan for retired members that live outside of the Aetna DMO dental network or who simply prefer to go to a provider that is not in the Aetna DMO dental network. The plan offers various benefits for different dental services and procedures.

Retired members who enroll in the Aetna Dental PPO Plan can see a doctor of their choice. Most services are subject to an annual deductible and have an annual maximum of $2,000. This plan offers out-of-network coverage too, however when seeing an out-of-network provider you are subject to a higher annual deductible amount. The most liberal benefits are paid when you use a network provider. If there is a service that you do not see, contact your Benefit Administrator for clarification. Please refer to the following pages to see a detailed list of your Summary of Benefits for the Aetna PPO Dental Plan.

Note: Preventive care is not subject to the annual deductible.
